A PECULIAR PEOPLE.

-Plain Taffy.-Boil a cup of sugar, John Chisaman.

As an inventor John has achieved some distinction, and has won for himself the name of the "Yankee of the East." Besides the mariner's compass, type, printing paper, porcelain, alli. gunpowder and clocks are some of his alleged discoveries. He has kept the knowledge of these things to himself as much as possible, scorning to give as much as possible, scorning to give In one and one-half pints of water boil to those so much inferior to him as he two ounces of dried herb for half an

knowledge which he has made his own.
John himself and his countrymen are "celestials," his emperor is the "Son of Heaven;" why should he stoop to benefit a people so much beneath him as the inhabitants of Engiand or the United States! John's school books give amusing testimony to the abundance of this national pride and self-satisfaction. His geography allots nine-tenths of the globe to China, about a square inch to Engiand, and no space at all to our own great horown sugar and botl until it is sufficiently hard. Grease the tims well and pour in the candy; when it is alightly cool mark in squares or sticks with a knife.—Prairie Farmer.

—Banana Pudding.—Diasolve three-fourths of a box of gelatine in half a pint of cold water for one hour, then add half a pint of boiling water, the data and two cups of sugar; strain into a mold and let it stand until it begins to harden, then stir in six thinly sticed and no space at all to our own great harden, then stir in six thinly sticed country! This same self-conceit helps bananas. When sufficiently hard, turn to account for the lack of progress no- out of the mold and serve with whipped

ticeable in John and his countrymen.

For centuries they held themselves quite apart from other nations.

At the same time, John's mation is, in At the same time. John's mation is, in its way, an educated nation. All public boiler; add one well-beaten egg, one offices are open to the graduates of its colleges, without any distinction of class or creed. Brains and skill, rather than money, are the highways to honor and office.

John's language is said to be the bardest of all to learn. His alphabet of ear and again in crumbs, in beaten yolk of ear and again in crumbs.

hardest of all to learn. His alphabet of egg and again in crumbs. Fry brown has two hundred and fourteen letters. In hot land. Serve hot. -- Housekeeper. and such complications of tones and in--Fruit Pudding .- One pint of water, flections that one word spoken in ten different ways means ten different batter; a dessert spoonful of baking powder should be sifted in with the As a business man John is not reour and all given a thorough beating. upon its mer is and is guaranteed to relieve and core all chronic and acute one traveler asserts that the first Chinadish and sprinkle over it a layer of coughs, Asthma, Bronchitis and Conman by whom he was swindled was the either fresh or dried fruits, such as citfirst one with whom he had any bust- ron, raisins, berries, or alfeed apples or ness transactions—and that the last one pears, next a layer of batter, and again who swindled him was the last native fruit, until the dish is two-thirds full; with whom he had any dealings when then steam over boiling water. It will he left the country a year later.
